## MBA PROGRAMME

### MASTERS OF BUSINESS ADMINISTRATION

(Affiliated to Savitribai Phule Pune University and Approved by AICTE, New Delhi)

MBA is a two-year full-time programme leading to a Master's Degree from Savitribai Phule Pune University on successful completion of the programme. The revised MBA Curriculum 2019 builds on the implementation of the Choice Based Credit System (CBCS) and Grading System initiated in the academic year 2013. The curriculum takes the MBA programme to the next level in terms of implementing Outcome Based Education along with the Choice Based Credit System (CBCS) and Grading System comprising of four semesters. CBCS offers a wide-ranging choice for students to opt for courses based on their aptitude and their career goals. CBCS works on the fundamental premise that students are mature individuals, capable of making their own decisions. CBCS enables a student to obtain a degree by accumulating the required number of credits prescribed for that degree. The number of credits earned by the student reflects the knowledge or skills acquired by him/her. The incorporated changes are well aligned with industry requirement wherein the student now can opt for specialization in the second semester along with the option of pursuing a dual specialization. University has very well incorporated the technological changes in its curriculum by introducing new specialization of Business Analytics which will definitely ensure the MBA program remains relevant in today's rapidly changing business environment. The programme aims at imparting the contemporary domain knowledge and skills required to be a dynamic and successful business manager. The programme also focuses on building entrepreneurial abilities. Few more initiatives like foundation course and enrichment course will ensure a high level of engagement for all type of learners and build a good eco-system for managerial practitioners.
